CONFIRMED SPEAKERS

Donat Häder
Friedrich-Alexander University of Erlangen-Nürnberg

Gareth Jenkins
University of Glasgow

Javier Martínez-Abaigar
University of La Rioja

Marie-Theres Hauser
University of Natural Resources and Life Science Vienna

Éva Hideg
University of Pécs

Marcel Jansen
University College Cork

Åke Strid
Örebro University

ABOUT

The conference aims to capture all that is exciting about plant UV-B research, including advances of our basic understanding at the molecular, physiological and organismal levels, and their application in horticulture and environmental studies. Oral communications and posters are welcome.

REGISTRATION

early bird registration (up to April 1, 2016)	UV4Plants members: 150 € non members: 210 €
late registration (up to May 25, 2016)	UV4Plants members: 200 € non members: 260 €
on site registration, cash only!	300 € for all delegates

IMPORTANT DATES

February 1, 2016 - 2nd circular with programme and local information, abstract submission opens

March 15, 2016 - abstract submission deadline

April 1, 2016 - selection abstracts for oral presentations, early bird registration closure

A Training School will follow the congress on the 1st and 2nd of June, consisting of lectures and practicals on topics related to plant UV research. Tuition will be in English and participating students will be given a certificate of attendance issued by the Biology PhD School of University of Pécs.

A detailed program will be announced later.

PhD students should apply by sending their cv and a motivation letter (including a brief summary of their present and planned research) to **secretary@uv4plants.org**.

The total number of participants is limited to 30 and preference will be given to PhD students participating the preceding network meeting.
