Delegates to postponed UV4Plants Network Meeting in Kiel

Dear member,

We have provisionally re-arranged the postponed Network Meeting in Kiel. The plan is to hold the meeting in mid-October using the original planned timings:

Training School: Sunday 11 October (arrival) to Tuesday 13 October
Network Meeting: Wednesday 14 to Friday 16 October

Of course this plan is dependent on the status of the Covid-19 pandemic and we will update you on the status of the meeting when we can.

We will carry forward the registration fees already paid by delegates who wish to attend, and we will not require a change in the abstract. We will also offer bursaries for ESR. We welcome attendance by anyone who was not previously able to come and will give information on the new deadline for registration and abstract submission in due course.

For anyone who is unable to attend the rescheduled meeting we will reimburse the registration fee. Please contact our treasurer Titta Kotilainen: treasurer@uv4plants.org and provide the following information:

- Full name
- Name of the bank
- IBAN number
- BIC number
- The amount to be refunded: We are asking this, because many people paid their membership fee (which is not subject to refund) and the registration fee at the same time and it will be faster at our side if it is clear what sum is to be refunded.

I sincerely hope everyone manages to stay well in these extremely challenging times.

Best wishes,
Gareth Jenkins, President UV4Plants
